

Yes Promotion has good ideas

Yes Promotion is a manufacturer applying high-end technology in production and new marketing concepts for the promotional merchandise industry. We serve your demands for small quantities and fast delivery by stocking all items, by in-house machinery to apply logos on the items. We possess all the techniques of Screen-Printing, Laser-Engraving, Pad-Printing, Embroidering, Heat-Transfer, Digital InkJet-Printing, and so on. We are most competitive in sublimation, being fully armed by the more than 2-dozen large inkjet printers and heat-pressing machinery.

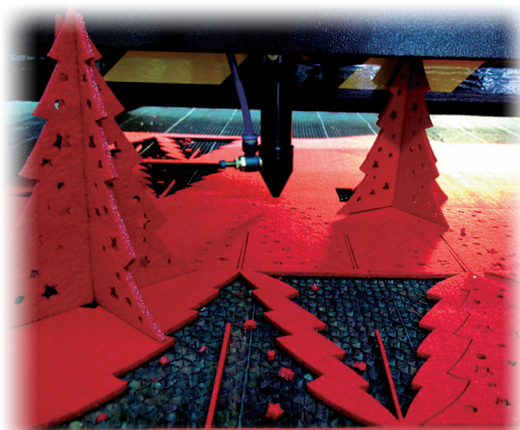

To avoid being followed all the way by competitors, we move to the higher end of technology. We are the first one to deploy in our factory the large space flat-bed inkjet printers since 2010 from Japan. Also Yes Promotion now excels with large capacity in laser-cutting and CO2 laser-engraving. We serve our customers faster in speed and freer in designs as all new production lines are all digital.

We also offer an easy-to-use business platform with functions of web inquiries, on-line quotations and orders. Our APP "YES Mobile" is available in Jan. 2013, adding your mobility and easy access to our service.

North Peak Trading Co., Ltd. is our parent company. Established in 1990, we have been performing as a professional supplier in the field of Promotional Products. We handle different product lines in our 4 sales departments with over 50 persons in sales. We are capable in serving your needs with our experienced and professional sales and product teams in Taiwan and in China.

North Peak has engaged in the manufacturing of some of the product lines we carry, i.e. metal pin badges and lanyards since 1990. Our sales office in Shanghai was established in March 2002 and in May 2002, we set up our Shenzhen branch office.

Meeting the competition that becomes more and more irrational when small entrepreneurs in China enter the arena, the new business Yes Promotion was born in December 2007. With our revolutionary solutions, we are sure to help you. We understand your needs to deliver quickly, to serve the small quantities and to have one source that provides varieties of items.
