Yes Promotion has good ideas

Yes Promotion is a manufacturer applying high-end technology in production and new marketing concepts for the promotional merchandise industry. We serve your demands for small quantities and fast delivery by stocking all items, by in-house machinery to apply logos on the items. We possess all the techniques of Screen-Printing, Laser-Engraving, Pad-Printing, Embroidering, Heat-Transfer, Digital InkJet-Printing, and so on. We are most competitive in sublimation, being fully armed by the more than 2-dozen large inkjet printers and heat-pressing machinery.

To avoid being followed all the way by competitors, we move to the higher end of technology. We are the first one to deploy in our factory the large space flat-bed inkjet printers since 2010 from Japan. Also Yes Promotion now excels with large capacity in laser-cutting and CO2 laser-engraving. We serve our customers faster in speed and freer in designs as all new production lines are all digital.

We also offer an easy-to-use business platform with functions of web inquiries, on-line quotations and orders. Our APP "YES Mobile" is available in Jan. 2013, adding your mobility and easy access to our service.

North Peak Trading Co., Ltd. is our parent company. Established in 1990, we have been performing as a professional supplier in the field of Promotional Products. We handle different product lines in our 4 sales departments with over 50 persons in sales. We are capable in serving your needs with our experienced and professional sales and product teams in Taiwan and in China.

North Peak has engaged in the manufacturing of some of the product lines we carry, i.e. metal pin badges and lanyards since 1990. Our sales office in Shanghai was established in March 2002 and in May 2002, we set up our Shenzhen branch office.

Meeting the competition that becomes more and more irrational when small entrepreneurs in China enter the arena, the new business Yes Promotion was born in December 2007. With our revolutionary solutions, we are sure to help you. We understand your needs to deliver quickly, to serve the small quantities and to have one source that provides varieties of items.

Shells for iPhones and iPads with vivid customizable patterns

MOQ of 50 and 20 units, shipping within 3 days

Let us be your supplier of hard skin cases with vivid appearances for iPhones, iPads and other mobile devices. Custom logos and patterns can be printed on your items using sophisticated UV digital printing technology.

This allows us to ship your finished goods fast - in just two to three days after confirming your design.

And we make it easy for you to test our products in your market - our minimum order requirement is 50 units for iPhone cases and 20 units for iPad cases.

Multifunctional seamless bandanas with customizable design

Ideal for promotions with 50-piece minimum orders

Hottest Item!

Our newly released seamless bandanas are versatile and fully customizable. Made of soft polyester, they can be worn ten different ways, including as a headband, neck gaiter, cravat, scarf, beanie, balaclava, mask and more. With our newly installed inkjet printing and heat-pressing machinery, we can customize our products with your brand name, team logo or company slogan.

In addition to the featured bandana, we have a complete catalog of promotional items, including mouse pads, flying discs, bags, keychains and more. We're so confident that our products and design team will exceed your expectations, that we've eliminated handling charges and reduced our minimum order to just 50 pieces. We also provide free samples of your design, by request. Call us today for more information.

Direct Digital Printing White & Colored T-Shirts

YP17009A (White T-Shirts) / YP17010A (Colored T-Shirts)

T-shirts were manufactured in Honduras, imported to Taiwan and processed with custom logos/designs and re-exported from Taiwan. Sizes available are: XL, L, M, S (Size XXL quoted separately). The packing details and quotations are counted by freight charges of roughly equal division of sizes. If sizes are otherwise ordered, our customer service will adjust the packing details and charge you with the exact freight in new PO prices after we get your orders. Quotations are inclusive of a maximum logo/design 35 x 35cm on front chest or on back. Printing on both front and back or on sleeves available with extra costs by quotation. PLS also note volume weight is counted in our freight. WE can quote prices Ex-Work or FOB Taiwan, or shipments by air or sea cargo.

Material: 205gsm; 100% Pure American Cotton

Product Size: Gildan Standard Adult Sizes

Individual Packing: Each piece in a polybag

N.W.: 235 grams per piece

Maximum Logo Print Size: 350x350mm on front or on back

Sublimation T-Shirts

New

YP17029 (White T-Shirts) / YP17030 (Colored T-Shirts)

TTC T-Shirts with endless space branding by sublimation

Special material T-Shirts give comfort to wear and freedom to brand. Accept logo, design, pattern by sublimation. Fabric is stretchable and also suitable for women. Prices on website include CMYK Branding on full coverage of front side, smaller logo same prices. Additional logo on backside and shoulders available by quotation.

T-Shirts are made of special material which gives you the comfort of cotton. Prices, packing details, item net weight are valid for roughly equal percentage of the 5 sizes and are subject to re-confirmation if otherwise. Before presenting artworks, please refer to our explanations in the templates or contact your customer service. You may supply artwork for 1 Shirt Size and we will adjust the proportion for you. Please indicate quantities of each size when you order.
